

I SEE DESIGN AS AN EVOLVING CONVERSATION
BETWEEN PEOPLE AND PRODUCTS.

UX leader with 15 year's experience
shaping enterprise and consumer
products through strategy, systems,
and AI-driven design.

10 YEARS

AT INMOBI & GLANCE AI

Glance ai UX Manager Sep 2022 - Current

Leading design for multiple products under the Glance AI suit, including Hub, Folders, and Glance TV. Manage and mentor a 6-member design team, driving strategy, process, and craft excellence, improving delivery speed by 50% through structured workflows and guidance.

- **Glance ai TV**

Reimagines the TV screensaver as an AI-driven experience, showcasing personalized and interactive content that inspire engagement and commerce. Increased engagement by 60%

- **Glance Hub & Folders**

Reimagine mobile surfaces like lock-screen and widgets into intelligent spaces, delivering personalised content and recommendations that boost engagement and app downloads.

InMobi Seniro & Lead UX Designer Sep 2015 - Sep 2022

Led 30+ product experiences from concept to launch, built the InMobi Design System, and mentored 10+ junior designers

- **InMobi Design System**

Built a robust design system from scratch in a short period of time and modularised the UI building effort across IMC products.

[Case Study](#)

- **SSP | Audience Bidding**

A Publisher platform to maximize fills and revenue by increasing inventory exposure through 70+ DSPs that have global access to advertisers.

[Case Study](#)

- **DSP**

In-App Programmatic Buying Platform that Guarantees ROI, complete transparency with holistic view of the user and real-time precision targeting

- **Pulse & Opinion**

Connect with consumers wherever they are and capture authentic, real behavior. Mobile-first approach powers massive reach and scale.

- **Insights**

A data visualisation platform at a global scale to laser-focus the targeting user and reach the precise audience by Geo location, physical stores

5 YEARS EARLIER CARRIER
